

proliferators of Iranian WMDs, like IRISL, are directed by the Iranian Revolutionary Guard Corps, which also controls the Iranian funding, training and provisioning of the insurgents in Iraq who have been killing and wounding U.S. service personnel with Iranian-manufactured explosives over the past several years. No U.S. government contractor, or any member of its corporate family doing any business with Iranian companies blacklisted by the U.N. and the U.S. Treasury, should be considered "responsible corporate parties" as defined by the Federal Acquisition Regulations. This section will force KGL and all U.S. contractors to decide whether they will support Iran or the U.S., and the Congress will closely monitor the enforcement of this section.

Treasury Under Secretary for Terrorism and Financial Intelligence Stuart Levey recently submitted written testimony before the Senate Foreign Relations Committee on "Iran Policy in the Aftermath of U.N. Sanctions". In this testimony he stated: "[w]e also took action under 13382 to prevent IRISL from carrying out activities to evade sanctions . . . Since we designated IRISL for sanctions in 2008, it has desperately attempted to evade those sanctions, setting up new front companies and renaming and even repainting ships to hide their true ownership."

Importantly, this section finally permits the Procurement Fraud Debarment Branch of the U.S. Army to take action against KGL. The Baragona family notified the Army of these facts on April 29, 2010. On June 11, 2010 the Army sent a letter to the counsel for the Baragonas to notify them of the Army's receipt of the information but no action has yet been taken. I would appreciate this body's interest and support in compelling the Army to move to debar KGL as a result of its ties to Iranian proliferators of weapons of mass destruction. For the above reasons, this miscarriage of justice and threat to our national security cannot be allowed to continue.

IN HONOR AND RECOGNITION OF MR. AND MRS. SGRO

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 29, 2010

Mr. KUCINICH. Madam Speaker, I rise today in honor and recognition of Albert and Vera Sgro as they celebrate their platinum wedding anniversary on June 29, 2010.

Seventy years of marriage is a truly remarkable accomplishment; in this time they have raised two sons, been grandparents to four children and now have four great-grandchildren. Except for eight years on a farm in Medina, Mr. and Mrs. Sgro have always lived in Cleveland. Mr. Sgro's parents emigrated from Italy and Mrs. Sgro's ancestors hail from Bohemia. They attended Cleveland schools, met at a dance, and have been inseparable ever since. They continue to be the hearts and souls of their family and remain active in the lives of their children, David and his wife Louise, Jerry and his wife Heather; their grandchildren, David, Shelly, Max and Anthony; and their great-grandchildren, Brittney, Jeremy, Alex and Nicholas.

Mr. and Mrs. Sgro live life with great energy, enthusiasm and joy. They are kind, generous, outgoing and have a great sense of humor. Like any couple of seventy years they also share many interests: gardening, traveling and reading to name a few. Every year, Mr. and Mrs. Sgro grow enough fresh vegetables and flowers for themselves, their children, friends and neighbors. Mrs. Sgro is an excellent cook and baker; she is well known locally for her pies—especially her rhubarb pie, which she makes with rhubarb straight from their garden.

Madam Speaker and Colleagues, please join me in honoring, recognizing and celebrating Albert and Vera Sgro as they reach their platinum wedding anniversary. Their ongoing love for each other, and for their family and friends, acts as a beacon of hope. I wish Mr. and Mrs. Sgro continuing health, happiness and peace.

RECOGNIZING THE DEDICATION AND LEADERSHIP OF DR. SALLY RIDE

HON. ALAN GRAYSON

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 29, 2010

Mr. GRAYSON. Madam Speaker, I rise today to honor the amazing accomplishments and life-long dedication of Dr. Sally Ride on the anniversary of the 1983 Challenger journey that established her as the first American woman to travel into space. Since that jour-

ney, Dr. Ride, a distinguished educator and scientist, has dedicated her life to improving science education.

Dr. Ride received her bachelor's degree, Master's and PhD in Physics from Stanford University. In the Stanford University paper, she saw an advertisement that NASA was seeking astronauts. Out of thousands of applicants, she was one of 35 candidates chosen for the space program. On June 18, 1983, Dr. Ride joined the crew aboard the space shuttle Challenger and, twenty-seven years ago on this date, became the first American woman to travel into space. After two journeys to space, she was preparing for her third mission when the Challenger exploded in 1986. Dr. Ride continued to work with NASA by serving as a member of the Presidential Committee investigating the Challenger accident, and went on to serve as Special Assistant to the Administrator for long-range planning at NASA headquarters.

Dr. Ride continued her life-long commitment to promoting the fields of science, math, and technology, especially among young women by founding the Sally Ride Science Company in 2001. Dr. Ride wanted to share her passion and encourage young women to pursue careers in these fields. The company creates school programs and educational materials aimed at engaging young people's interest in these fields and changing society's perceptions of women in the math, science, and technology workforce.

Madam Speaker, Central Florida is so proud of the space program and we recognize that its success would not be possible without the dedication of Dr. Ride. As a member of the Science and Technology committee, I have great respect and admiration for her contributions, not only to the space program, but also her work to motivate young people's interest in science. While Dr. Ride will always be known as the first American woman to travel into space, her commitment to advancing the education of future generations of young women ensure there will be many to follow.
